Data Top-Ups

You may manually add Data Top-Ups at \$10 per 1GB where required. At the end of your plan period, you’ll automatically be moved back to your plan’s inclusions and charges. Data Top-Up inclusions will expire at the same time as your existing UNLIMITED Mobile Plan (unless the Plan fails to renew). On your next renewal, any unused portion of your Data Top-Up will roll over to your databank. Data Top-Ups are measured in kilobytes, and includes uploads and downloads. The cost of 1MB for additional data under the 1GB Data Top-Up feature is \$0.0098.

Data Bank

Unused included data will roll over to the next recharge (“Data Bank”). Data Bank will generally be used after any bonus data, Data Top-Ups and included data for the current recharge is used. From time to time, network behaviour may mean that data is used in a different order however total data inclusions will remain unchanged. Data Bank will expire if your UNLIMITED Mobile Plan is cancelled or if your phone number is ported to another service provider. If you decide to switch plans, whether you retain your Data Bank when changing plans will depend on the plan you choose to move to. Please check <https://www.amaysim.com.au/db> to see whether your Data Bank will be retained on the plan you intend to move to. We’ll send you combined usage notifications, consisting of the total Data Bank and the Plan data inclusion amount. Data Bank can never be redeemed for cash.

Number Link

Number Link allows you to connect your smart watch to your phone. You can then share your existing mobile plan inclusions (calls, texts and data) between your mobile phone and smart watch. Excludes MMS, international roaming and voicemail. To use SMS, your phone has to be on and connected to the network or Wi-Fi. Network limited to 4G coverage only on your watch. Compatible mobile handset, smart watch and operating systems required. Functionality, call quality and coverage may differ from your mobile phone. For compatible devices and further information and limitations on Number Link go to <https://www.amaysim.com.au/help/Number-Link-Overview>.

International Calls and Text Inclusions

When in Australia, your UNLIMITED Mobile Plan allows for unlimited standard calls to 28 or 42 countries depending on the plan. Details on these 28 & 42 countries can be found [here](https://www.amaysim.com.au/international/calls) (<https://www.amaysim.com.au/international/calls>)

What's Not Included

Some additional services are not included in the UNLIMITED Mobile Plans but are still available at amaysim's low rates including:

- International calls and SMS/MMS (other than the plan inclusions listed above)
- International voice, text and data roaming
- Video calls, satellite calls and call diversions
- Social Media SMS alert services
- Any Network Service number beginning with the prefix 12

Automatic Renewal

For convenience, each time a Plan is added (or re-added) to a Service, auto-renew is switched ON by default. You are free to tell us not to auto-renew your UNLIMITED Mobile Plan when it expires. Unless you tell us not to renew your UNLIMITED Mobile Plan before it expires, we will automatically renew it when it expires (and we will automatically bill you the fee, or deduct the fee from your available phone credit or chosen payment method).

You may switch off auto-renew through the amaysim app or My amaysim.

Fair Go Policy

amaysim's UNLIMITED Mobile Plans are subject to the amaysim [Fair Go Policy](#) which ensures amaysim can continue to provide high quality low cost mobile services to all of our customers. The Fair Go Policy ensures that the service is not used in a manner that we consider 'unreasonable' or 'unacceptable' and describes what may occur if the Service is used in breach of the policy. To use an UNLIMITED Mobile Plan you must agree to the Fair Go Policy.

Early Termination

With amaysim, there is no minimum term contract, so you can cancel whenever you want. There is no fee for cancellation. We just ask that you send an email to service@amaysim.com.au. Please note, if you are a post-paid customer, you could receive Post-paid invoices with delayed usage charges up to 2 months after you disconnect. If you terminate an UNLIMITED Mobile Plan during your expiry period, without using up your allowance your maximum charge will be the amount you paid for your plan. You will also be charged for any additional usage over these allowances and you must pay the fee for the entire expiry period, even if you cancel part way through that period (in other words, there will be no refund if you are a Pre-paid customer, or you will still be billed the full expiry period amount if you are a Post-paid customer).

Mobile Calls & Data usage

Call minutes are calculated in 60 second increments. Data is counted in kilobytes and includes uploads and downloads.

4G / 5G Coverage and device compatibility

5G available in selected areas with a compatible device. To check coverage for 4G & 5G, please refer to <https://www.amaysim.com.au/about/coverage>

To check your device is compatible, go to optus.com.au/support/checkdevice.
