Automatic Renewal

For convenience, amaysim's UNLIMITED Mobile Plans automatically renew every 28 days. You are free to tell us not to renew your UNLIMITED Mobile Plan when it expires. Unless you tell us not to renew your UNLIMITED Mobile Plan before it expires, we will automatically renew it when it expires (and we will automatically bill you the 28 day fee, or deduct the 28 day fee from your available phone credit or chosen payment method). Each time a plan is added (or re-added) to a Service, auto-renew is switched ON by default. This means you'll need to manually switch auto-renew off once a new renewal period has started, if you do not want to renew your plan. This can be done at any point through the amaysim app or My amaysim.

Fair Go Policy

amaysim's UNLIMITED Mobile Plans are subject to the amaysim [Fair Go Policy](#) which ensures amaysim can continue to provide high quality low cost mobile services to all of our customers. The Fair Go Policy ensures that the service is not used in a manner that we consider 'unreasonable' or 'unacceptable' and describes what may occur if the Service is used in breach of the policy. To use an UNLIMITED Mobile Plan you must agree to the Fair Go Policy.

Information about pricing

Early Termination

With amaysim, there is no minimum term contract, so you can cancel whenever you want. There is no fee for cancellation. We just ask that you send an email to service@amaysim.com.au. Please note, you could receive Post-paid invoices with delayed usage charges up to 2 months after you disconnect. If you terminate an UNLIMITED Mobile Plan during a 28 day period, without using up your allowance your maximum charge will be the amount you paid for your plan. You will also be charged for any additional usage over these allowances and you must pay the entire 28 day fee, even if you cancel part way through a 28 day period (in other words, there will be no refund if you are a Pre-paid customer, or you will still be billed the full 28 day amount if you are a Post-paid customer).

Mobile Calls & Data usage

Call minutes are calculated in 60 second increments. Data is counted in kilobytes and includes uploads and downloads.
