amaysim awarded for Outstanding Value in Sim-only Prepaid Mobile Plans by Canstar Blue at Telco Awards

Blowing away the competition with incredible value, greater flexibility, contract-free plans, and big customer love.

12th April 2021

amaysim, Australia's fourth largest telco with over 1.2M happy customers, has taken home Canstar Blue's Outstanding Value Award in the Sim-only Prepaid Mobile Plans category, thanks to its selection of affordable and flexible contract-free plans.

Beating out dozens of plans in the SIM-only prepaid field, amaysim continues to shine, offering their much-loved customers a range of plans with low prices, generous data inclusions, and reliable coverage via the Optus 4G Plus network.

amaysim's Chief Commercial Officer, Isaac Ward, believes it's the company's signature big love for their customers that has driven them to the successful win.

"For over a decade our customers have been at the heart of everything that we do at amaysim. We're proud to offer large data allowance, more value and more of what our customers want and need. It's how we've remained the country's least complained about telco, and it's how we've earned Canstar Blue's award for Outstanding Value," said Ward.

"We'd love to offer a massive thank you to Canstar Blue and an even bigger thank you to our amazing customers!"

amaysim is known for showering customers with big love throughout the year, and while new customers are always offered incredible value plans, loyal customers are also rewarded with even better value as well as plenty of surprise and delight moments.

One thing's for sure, with this new accolade being added to the trophy room, amaysim customers have a lot more loving coming their way!
